COLLECTION

HANDCRAFTED IN ITALY

I cinturini della collezione Vintage sono realizzati in cuoio selezionato e trattato su specifiche U-Boat, così da ripercorrere gli antichi trattamenti della pelle affinché risultino pezzi unici alla vista, all'olfatto e morbidi al tatto. Il procedimento, che veniva utilizzato intorno ai primi dell'800, fa del cinturino U-Boat un prodotto speciale, invecchiato in maniera naturale senza forzature tecniche. La finitura avviene in cotone cerato interamente lavorato a mano. Da questi trattamenti deriva un manufatto con sfumature e colori unici. Fibbie con ardiglione classico in acciaio naturale o trattato IPB.

U-Boat Vintage straps are in hand made and hand finished calf leather, carefully selected and processed following the traditional artisan handcrafted techniques used in the 1800's, which give the straps a naturally distressed feel and look. Tongue buckles in natural steel or IPB steel.
